

RUMEVITE®

NORTHERN WEANER MIX 2

A highly palatable weaner mix based on cottonseed meal suitable for supplementary feeding in the paddock or yard environment.

KEY FEATURES

- Highly palatable mix to encourage intake-contains copra meal and corn.
- Can be fed as either as a supplement or for production feeding.
- Suitable to situations where infrastructure, labour, environment and/or management prevents the feeding of weaner pellets.
- Contains Rumensin® to improve feed conversion efficiency in cattle and aid in the prevention of coccidiosis caused by *Elimeria zuerni* and *E. bovis*.

FEEDING ADVICE

- Ensure a plentiful supply of pasture or hay is available when feeding this product.
- Suitable for feeding to weaner cattle heavier than 120kg.
- Pour Rumevite Northern Weaner Mix 1 into troughs and allow cattle free access.
- Troughs should be well drained and covered to protect from the weather. Do not allow the product to become wet.
