

RUMEVITE®

SSS DRY SEASON 98 LICK

A 98% protein (25% urea) and mineral loose lick for cattle grazing high volumes of maturing and dry pasture in extensive country.

KEY FEATURES

- Low palatability to control intakes.
- Contains high levels of no-protein nitrogen (urea and sulphate of ammonia) to help maintain cattle grazing dry, mature pasture.
- Contains adequate levels of phosphorus for breeders throughout the dry season.

FEEDING ADVICE

- Usual intake 100-200 grams/head/day. If consumption exceeds 200 grams/head/day, contact the Customer Service Centre on 1300 666 657.
- Pour Rumevite SSS Dry Season 98 Lick into troughs and allow cattle free access.
- Troughs should be well drained and covered to protect from the weather. Do not allow the product to become wet.
- This product contains urea.
